WOOD DIRECT SET WINDOWS

Project Description

Antler Hill Village Hotel is a luxury hotel located on the grounds of the Biltmore Estate in Asheville, North Carolina. Sun Windows was specified for this high profile project.

Unique Solutions and Obstacles

This was a large project requiring 7 semi-trailer loads of windows. Sun worked in perfect coordination with the contractor and installer, delivering windows on time and as needed. This successful coordination helped in making an on schedule opening and a happy developer/owner.
